

JOB.

**BEAUTIFICATION GOES ON.** Residents of the 20-year-old community of Pine Spring carry on the tradition to "keep Pine Spring green." The community, with the cooperation of developers of nearby apartments, maintains a buffer area of pine trees between the dissimilar land-use projects. Westcott Nursery Co. of Falls Church provided trees at a discount to the community at the latest planting. Charles Richardson, treasurer of the Pine Spring Civic Association, left, accepts delivery of the trees from a nursery representative. Looking on are, left to right, Grace Cleaves; Fred Hull, association president; Fred Geb; John Mastenbrook; Doris and Richard Rooney; and, in front, neighborhood children and pet.
